

# Visuals

## Slide 1: Introduction to Number 1

- Visual: Large, colorful 'Number 1' at the center of the slide.
- Caption: "Welcome to Number 1!"
- Description: Use bold and bright colors for the number to attract attention. Include a happy face or star next to the number for a cheerful introduction.

## Slide 2: Recognizing Number 1

- Visual: Images of one apple, one tree, and one sun.
- Caption: "Spot the Number 1 in Pictures!"
- Description: Show a series of images with single items to help students recognize the concept of one.

## Slide 3: Writing Number 1

- Visual: Step-by-step guide showing how to write the number 1.
- Caption: "Learn to Write Number 1"
- Description: Use arrows to indicate the start and direction of writing the number. Include a practice section with dotted lines for students to trace over.

## Slide 4: Counting with Number 1

- Visual: A group of objects, with one item circled.
- Caption: "Counting to One"
- Description: Display several items (e.g., cats, cars), and circle just one item in each group to highlight the concept of counting to one.

## Slide 5: Number 1 in the World

- Visual: Real-world examples like one tree, one balloon, and one book.
- Caption: "Finding Number 1 Around Us"
- Description: Use photographs to depict scenarios where only one item is present in the environment.

## Slide 6: Activities with Number 1

- Visual: An activity sheet with pictures and numbers.
- Caption: "Let's Practice Number 1!"
- Description: Include a matching exercise where students draw a line from a single item to the number 1, and a coloring section for decorating the number.

## Slide 7: Storytime with Number 1

- Visual: Illustration of a short story with a main character holding one item.
- Caption: "Read Along: 'One Adventure'"
- Description: Include a short story or scenario where the main character interacts with one item, encouraging students to listen and identify the number.

## Slide 8: Conclusion and Recap

- Visual: A collage of images from previous slides.
- Caption: "Review: All About Number 1"
- Description: Summarize lessons learned by revisiting images and concepts from the session, asking students to recall each element associated with the number 1.
