

Games

Game 1: Numbers 36 Memory Match

Objective: Reinforce the story of Numbers 36 and help students remember key details through a matching game.

Number of Players: 2-4

Materials Needed:

- 12 pairs of cards with pictures or words related to Numbers 36 (e.g., daughters of Zelophehad, inheritance, Moses, elders, etc.)
- Timer (optional)

Setup:

1. Shuffle all the cards and lay them face down in a grid pattern.
2. Ensure there is enough space for players to sit around the cards and participate.

Instructions:

1. Players take turns flipping over two cards per turn in an attempt to find a matching pair.
2. If a match is found, the player explains the relevance of the match to the story of Numbers 36 and keeps the pair.
3. If the cards do not match, they are flipped back over, and the next player takes a turn.
4. Continue until all matches are found. The player with the most pairs wins.
5. Discuss the story after the game, using the cards to summarize Numbers 36.

Lesson Reinforcement:

This game encourages recall of the story's details and helps solidify knowledge through repetition and visual association.

Game 2: Numbers 36 Relay Race

Objective: Engage students in a physical and educational relay to reinforce learning about Numbers 36's key points.

Number of Players: 4-8

Materials Needed:

- Index cards with questions about Numbers 36
- Spoons and small balls or eggs for a balancing race

Setup:

1. Create a relay course in an open area.
2. Place index cards with questions at the halfway point of the course.
3. Divide players into two teams.

Instructions:

1. Each team lines up at the starting point with their first player holding a spoon and a small

ball/egg.

2. On "Go," the first player from each team balances the ball/egg on their spoon, races to the halfway point, and picks up a question card.
3. They must answer the question, then race back to their team safely balancing the ball/egg.
4. Successful players give their card to the teacher and pass the spoon and ball/egg to the next player.
5. The first team to have all members complete the relay and answer their questions correctly wins.

Lesson Reinforcement:

This game promotes teamwork and reinforces memory of key facts and lessons from Numbers 36 through answering questions under pressure.

Game 3: Numbers 36 Puzzle Challenge

Objective: Encourage students to piece together the story of Numbers 36 through a fun and collaborative puzzle activity.

Number of Players: 4-6

Materials Needed:

- A large printed picture of a scene from Numbers 36 divided into puzzle pieces
- A table or floor space for assembling

Setup:

1. Pre-cut the picture into large puzzle pieces, ensuring the pieces are mixed.
2. Arrange the puzzle pieces on a table or the floor, away from the assembly area.

Instructions:

1. Players work together to piece the puzzle back to its original picture.
2. As they fit a piece into place, each player must share a related fact or aspect of the Numbers 36 story.
3. Encourage players to discuss the story and how it applies today as they continue building the puzzle.
4. Once completed, review the story of Numbers 36 with the assembled image as a visual aid.

Lesson Reinforcement:

This activity highlights collaboration and dialogue, enhancing understanding and interpretation of Numbers 36 through collective effort and discussion.
