Memory_verse

Key Bible Verse for Elementary Students

Joshua 19:49 (NIV)
"When they had finished dividing the land into its allotted portions, the Israelites gave Joshua son of Nun an inheritance among them."

Creative Ways to Memorize the Verse

1. Song:
- Create a simple melody to go with the verse. Use a familiar tune like "Twinkle, Twinkle, Little Star" to make it easy for children to remember.

2. Rhyme:
- "When the land was shared all around,
Joshua got his part in the ground."

3. Motions:
- "When they had finished dividing" – Pretend to cut a pie into slices.
- "The land into its allotted portions" – Spread your hands wide to show division.
- "The Israelites gave Joshua" – Hold your hands out as if offering a gift.
- "Son of Nun an inheritance" – Pretend to plant a flag in the ground.

4. Short Challenges:
- Verse Relay: Split the verse into sections and have students run a relay, taking turns saying their part before tagging the next team member.
- Puzzle Pieces: Write each section of the verse on separate puzzle pieces. Have the children assemble it in the correct order.

These methods will help students engage with the verse in a fun and memorable way.
