Take-Home Assignment: Exploring Joshua Chapter 19

Title: Learning About the Lands

Objective: Understand the allocation of land to the tribes of Israel as described in Joshua Chapter 19 and reflect on the importance of community and sharing.

Read Together:
As a family, read Joshua 19. You might read aloud from a Bible or a children's Bible that tells the story in simpler language.

Summary of the Chapter:
In Joshua Chapter 19, we learn about how Joshua, the leader of Israel, helps divide the land among the twelve tribes of Israel. This was important to help them live in peace and work together as a community.

Reflection Questions:
1. Which tribe received their land first in this chapter, and which was last?
2. Why do you think it was important for the people to have their own special land?
3. How can sharing and working together help a community?

Activity: Create a Family Map
- Materials Needed: Paper, crayons or colored pencils, markers
- Draw a map of your neighborhood or home, and then:
- Color different sections for different family members, like bedrooms or special spots in the house.
- Label each section with the name of the family member or purpose of the space (e.g., kitchen, play area).
- Discuss why each space is special and how sharing helps your family.

Discussion:
- Talk as a family about how you can share space and responsibilities at home.
- Discuss how everyone helping each other can make your home a better place, similar to how the tribes of Israel worked together.

Family Challenge:
Spend some time working together on one family task (tidying up, cooking a meal, or doing a fun project). Afterward, talk about how teamwork made the task easier and more enjoyable.

Questions for Thought:
- How does having a special place of your own make you feel?
- What is one way you can help create a happy and peaceful home environment?

Closing Thought:
Joshua 19 teaches us about the importance of community, sharing, and working together. These values can help us create a harmonious and loving home.
