Journaling

Guided Journaling Prompts for 2 Samuel 3

1. Understanding the Story:
- What did you learn about David and the people around him in this chapter? Write down something interesting that happened.
- How did God show His plan through the events in this chapter?

2. Reflect on Actions:
- Think about a time when someone was upset with someone else around you. How was it solved, or how do you think it could have been solved?
- Write a short story about how you would have felt or what you would have done if you were in the story you read today.

3. Personal Application:
- David was patient while waiting to become king. Is there something you are waiting for or hoping will happen? How can you show patience while you wait?
- How can you be a peacemaker today like David tried to be? Write about a way you can help others get along or solve a disagreement.

4. Connection to Daily Life:
- Describe a leader you admire. What makes them a good leader in your eyes?
- What’s one thing you can do this week to be more patient, just like David?

5. Prayer Practice:
- Write a prayer asking God for help to be patient or to be a peacemaker. Ask God for guidance in a situation you might be facing this week.
- Thank God for the leaders in your life, like teachers or family members, who help guide you. Write about one thing you are thankful for regarding them.

By using these prompts, reflect on how the lessons from 2 Samuel 3 can inspire you to be a better friend, family member, and leader in your own life.
