Song Title: "God is Our Protector"

Sample Lyrics:

(Verse)

When trouble comes, we should not fear,
God is with us, always near.
He gives wisdom, and He guides,
In His shelter, we can hide.

(Chorus)

God is our protector, strong and true,
He watches over me and you.
In His wisdom, He's the light,
Guiding us through day and night.

Suggested Actions:

- During "God is with us, always near," encourage children to give themselves a hug, symbolizing God's presence.

- On "He watches over me and you," point at their eyes and then out to the group, symbolizing God's watchful care over everyone.

How the Song Connects to the Lesson:

In 2 Samuel 17, David is placed in a perilous situation, yet through wise counsel and God's protection, he finds a way to safety. This song serves as a reminder that just as God provided guidance and protection to David through strategic friends, He offers the same to us in our daily lives. The melody and activities help reinforce the idea that God's wisdom and protection are always available, just as they were for David.
