1 Kings 16 Reflection and Activity for Families

Dear Students and Families,

In our recent study of 1 Kings 16, we learned about the different kings who ruled over Israel and Judah. This chapter tells us about the mistakes some of these kings made and how they turned away from God. Let's reflect on these stories and think about what lessons we can learn for ourselves.

Reflection

1 Kings 16 highlights the importance of following God's ways and the consequences of turning away from Him. We learn about King Ahab, a ruler who did not follow God's commandments. This reminds us to always seek to do what is right and to follow the teachings that bring us closer to God.

Family Activity: Story Discussion

Gather your family together and read 1 Kings 16 aloud. As you read, pause to discuss the following points:

1. Identify the Kings: Write down the names of the kings mentioned in this chapter. Discuss together what actions they took that led them away from God.

2. Consequences of Actions: Talk about the consequences the kings faced because of their actions. Why is it important to make good choices?

Question Time:

- How do you think God feels when we choose not to follow His teachings?
- Why is it important for leaders to set a good example for others?
- What is one thing you learned from the mistakes of the kings in this chapter?

Creative Exercise: Draw a Lesson

Create a drawing that represents a lesson you learned from 1 Kings 16. It could be a scene from the chapter or a symbolic picture that shows the importance of making good choices. Share your artwork with your family and explain why you chose that lesson.

End with a Prayer

Gather your family and say a short prayer, asking God to help you make good choices and lead a life that follows His ways. Thank Him for teaching us through the stories in the Bible.

We hope you enjoy this time of learning and reflection with your family!

Sincerely,

Your Teachers
