Takehome

Take-Home Assignment: Understanding 2 Kings 5

Dear Students and Families,

Today, we learned about the story of Naaman found in 2 Kings 5. Naaman was a powerful army commander, but he had a serious skin disease called leprosy. This story teaches us important lessons about faith, humility, and healing. Let's explore this story together at home.

Reading Activity:

1. With your family, read 2 Kings 5. Try to read it from a children's Bible to make it easier to understand. If you can, take turns reading different parts of the story aloud.

Discussion Questions:

1. Who was Naaman, and what problem did he have?

2. How did Naaman hear about Elisha the prophet?

3. What did Elisha ask Naaman to do to be healed, and how did Naaman react initially?

4. How did Naaman's attitude change, and what was the result?

5. What can we learn from Naaman's story about listening to advice and showing faith?

Family Activities:

1. Drawing: Draw a picture of Naaman before and after his healing. Show his reaction and feelings in both pictures.

2. Role Play: Act out the story of Naaman with your family. Each person can choose a role (Naaman, Elisha, servant girl, Naaman’s servants, etc.). Perform your play with enthusiasm and see how the story unfolds!

3. Discussion Time: After reading and activities, sit together and talk about a time when listening to someone else’s advice helped you solve a problem. Discuss why it’s important to be humble and open-minded.

Reflection:

Write a short paragraph about a lesson you learned from the story of Naaman. Share your thoughts on how this lesson can help you in real life, whether it's at school, with your family, or with friends.

End Note:

Remember, Naaman's story teaches us that having faith and being humble can lead to amazing outcomes. Enjoy sharing and learning together as a family!

Have fun and be thoughtful!
