Memory_verse

Key Verse:
2 Kings 11:12 (NIV)
"Jehoiada brought out the king's son and put the crown on him; he presented him with a copy of the covenant and proclaimed him king."

Creative Ways to Memorize the Verse:

1. Song:
Create a simple tune using the melody of a well-known nursery rhyme like "Twinkle, Twinkle, Little Star." Sing the verse to this tune, repeating it several times. This helps kids associate the words with the melody.

2. Rhyme:
Make a rhyme to help remember the verse:
"Brought the crown to the king's son,
Proclaimed him king, a new reign begun!"

3. Motions:
Develop hand gestures for key parts of the verse:
- "Brought out the king’s son" (marching in place)
- "Put the crown" (placing a pretend crown on your head)
- "Presented him with a copy" (holding an imaginary book)
- "Proclaimed him king" (pointing forward with authority)

4. Short Challenge:
Create a memory relay game. Write each part of the verse on separate index cards and scatter them. Have the children race to collect the cards in order and repeat the verse as a team once assembled.
