Takehome

Take-Home Assignment: Reflecting on 2 Kings 11

Hello Students!

Today's take-home assignment is about understanding the story of 2 Kings 11 from the Bible. This is an old and exciting tale, so let's explore it together with your family.

What Happened in 2 Kings 11?
In 2 Kings 11, we learn about a brave woman named Jehosheba who saved a young boy named Joash from danger. Joash was hidden in the temple for six years to keep him safe. When he was seven years old, he became the king of Judah with the help of a priest named Jehoiada. This story tells us about courage, protection, and how important it is to do what is right.

Activities
1. Draw a Scene:
Create a drawing of your favorite part of the story. Was it when Joash was hidden, when he was crowned as king, or something else? Use lots of colors and share your drawing with your family.

2. Act it Out:
With the help of your family, act out a short scene from the story. One family member can be Jehosheba, another Joash, and someone else can be Jehoiada. Be creative and have fun!

Questions for Family Discussion
1. Courage in Action:
Why do you think Jehosheba was courageous? Can you think of a time when you or someone in your family did something brave?

2. The Role of Jehoiada:
How did Jehoiada help Joash become king? Why is it important to have someone wise and supportive in our lives?

3. Doing the Right Thing:
What can we learn from this story about doing the right thing, even when it's difficult? How can your family support each other in making good decisions?

Exercise: Family Journal
Write a few sentences about what you learned from 2 Kings 11. Discuss with your family and jot down:
- One thing you like about Joash's story.
- One lesson you learned.

Keep this journal entry and drawings safe. They can be exciting to look back on as you learn more about the stories in the Bible.

Have fun and enjoy sharing what you learn with your family!
